GRADUATE COURSE PERMISSION FORM
FOR REGISTRATION OF COURSES AT YOUR HOME COLLEGE

Qualified students may take some graduate courses as part of their undergraduate program. Note that graduate courses taken for an undergraduate degree cannot ordinarily be applied later to a graduate degree. Policies about admission of undergraduates into graduate courses vary from campus to campus and from discipline to discipline. Students must comply with those policies. The eligibility requirement for permission includes having: at least a 3.00 GPA; no open grades (INC, ABS); and your Area of Concentration and graduate courses approved by your mentor and the program’s Academic Director. Students must also have the permission of the professor teaching the course.

When you apply for graduate courses via E-permit, the program’s approval of the E-permit serves as the program’s approval to take the course, therefore, you will not need to use this form. If you want to register for graduate courses at your home college, however, you will need to use this form.

Students taking courses at The Graduate Center: Once you register for courses, you must get proof of registration and obtain a Graduate Center ID card so you can have access to the library and a computer account.

Please read and complete all relevant sections of this form.
